

Health Administration  
Brooks College of Health

**Leading Health Administration Education**  
in the Heart of a Dynamic Healthcare  
Marketplace

**Located in the dynamic healthcare marketplace of Jacksonville, Florida, our department offers premier educational opportunities tailored for aspiring and current health professionals.**

Home to 15 hospitals, including the Mayo Clinic, and numerous health-related organizations, our region's growth offers extensive opportunities for internships, residencies and employment in diverse healthcare settings.

Our students are deeply involved in service projects across Jacksonville, partnering with leading institutions such as Mayo Clinic, UF Health Jacksonville and Florida Blue.

*Online*

Experience unparalleled flexibility in our health administration programs, which offer online learning options and accelerated pathways to complement your busy lifestyle, allowing you to advance your education and career simultaneously.

**Our health administration education excellence is affirmed by CAHME accreditation and AUPHA certification.**
